Models of Care in the ED EDAC 2023

David Dushenski MD CCFP(EM)

Chief, Department of Emergency Medicine

Mount Sinai Hospital

david.dushenski@sinaihealth.ca

Conflicts of Interest

- none

Physician Assistants and Nurse Practitioners in the ED

Physician Assistants

- Regulatory

- Entrustable Professional Activities (EPA)

- Delegated controlled acts

Nurse Practitioners

Effect of a physician assistant on quality and efficiency metrics in an emergency department

Population cohort study

Michael R.P. de la Roche MD   Nathalie Dyer CCPA   Mark Froats MD
Allen Bell MD   Lois McDonald MD   Craig Bolton MD   Rob Devins MD
Ryan Hall MD   Jonathan Leclerc MD   Jann Istead MD   Michele Miron MD
Martin Badowski MD   Tracy Steinitz MD   Nathan King MSc   Priyanka Gogna MSc

STATE OF THE ART / SYSTEMATIC REVIEW

A systematic review of the impact of nurse practitioners on cost, quality of care, satisfaction and wait times in the emergency department

Alix J.E. Carter, MD;*† Alecs H. Chochinov, MD†‡

ORIGINAL RESEARCH • RECHERCHE ORIGINALE

EM Advances

The impact on patient flow after the integration of nurse practitioners and physician assistants in 6 Ontario emergency departments

James Ducharme, MD;* Robert J. Alder, PhD;† Cindy Pelletier, MSc;‡ Don Murray, MSc;§
Joshua Tepper, MD, MPH¶

Mount Sinai Advanced Care Practitioner (ACP) Program

- Initiated 2009
- Shared care model

ACP Shared Care Model

Advantages

Disadvantages

ACP Program

Physician Assistant Career Start Program

- One-year funding of up to $46,000
- Two-year funding of up to $46,000 per year for PA positions that are in communities with a high RIO score or a Northern Urban Referral Centre (NURC)

Integrating ACPs into the ED

Define the goals of the program

Determine the funding

Create a structure for governance

Strategies for implementation/evaluation

Strategies for retention

Thank you!
